

PLANET XANCARA

# NATURED EXPERIENCES

Authentic experiences in nature.

# HERITAGE HIKE

A light hike to one of the most ancient sites on Earth.

Planet Xancara overlooks the Diepkloof Rock Shelter - 1 of 3 heritage sites that form the Cradle of Human Culture. The Khoe frequented this shelter filling it with many beautiful paintings that tell stories of the past peoples. Underneath all of that, the remnants found underground were carbon-dated to the middle stone-age humans, going back 150 000 years ago making this site ancient, near sacred.

Items to bring:

- Hiking Shoes
- Hat
- Water
